1. Click ‘Get Started’ then accept Terms of Use (if asked).

2. Click on the [+] box by ‘Administrative Geographies’ (2nd option from the top).

3. Click on the [+] box by ‘Other administrative boundaries’ (3rd option from the top).
   
   This will drop down a list of boundary options (all boxes should be unticked, if not please untick them).

4. Click in the box to the left of the blue box for Rural Development Fund eligibility by LEADER groups (England) (2nd option from the bottom).
   
   The blue boundary lines that appear on the map relate to different LAGs.

4. In the map search box, type in the postcode, county or place you wish to search for and press ‘enter’ – the result will then be shown on the map.

5. To identify if your area selection is in a LEADER area, select the identify tool from the feature tools on the top banner of the screen.

6. When you move the mouse over the map, it will now show as a cross.
   
   Click on the area you wish to check and it will bring up a box saying which LEADER group your selection is in.
   
   If the box says ‘no features found’ then this area is not in a LEADER area.
