Durham County Council	DN247430	Durham County Council Headquarters	£2,000,000	Resources	18/09/2018	31/03/2019		6		ITT	Kier Property	London	Greater London	W1G 9NB	Yes	Public Limited Company (PLC)	N/A	<p>This project relates to the delivery of a new city centre HQ for the Authority. A summary of the Authority's requirements are set out below. For further information on the project, site information, the procurement process; and the Authority's requirements please refer to the 'Memorandum of Information' and the 'Authority's Requirements'.</p> <ul style="list-style-type: none"> The HQ should integrate, respect and contribute to the historic city of Durham. It should be contemporary, with high quality architecture and landscaping reflecting its civic nature. The HQ should provide office accommodation for 1000 FTE across 700 workstations, civic facilities including a Council chamber, committee rooms, and office accommodation for Members. The HQ should provide a minimum of 200 parking spaces. The HQ should be set in a landscape that integrates into the wider context offering opportunities for place making and community use. The HQ should provide a contemporary working environment in line with current best practice. It should support Smarter Working principles and ensure they are integrated into the design from the outset. The HQ should offer opportunities for DCC to generate revenue both internally and externally through its flexible and well thought through design.

The aim of Durham's baby room project was to improve this area of childcare provision within County Durham, celebrate, and highlight the good pieces of work already happening within Durham childcare settings. Due to the success of the project, the team would like to further embed the work to widen out the learning across more settings in a second phase - working on a buddy system with the first cohort. The integrity and national recognition in an academic field this project will be supported by the Emeritus Professors with specialism in this who supported phase 1. This will include field visits, workshops, seminars and conferences bringing together the application of practical with the theoretical.
