Dear Stephen

**BRADLEY ENVIRONMENTAL PERMIT REF DCC/P283/17 –ADDENDUM
TO PART B VARIATION FORM**

Following our meeting at Bradley Surface Mine, please find attached the addendum and basic plan showing locations, and proposed locations to the south west of the Bradley West site boundary.

Yours sincerely

Christine Hogarth
Senior Environmental Coordinator

Bradley Environmental Permit Ref DCC/P283/17 - Addendum to Part B variation form submission:

1. Appendix 1 of the Bradley Environmental Permit - revised phasing plans to include Bradley West, which have been submitted with the planning application.
 - o Bradley West phasing plan 28 months ref: HJB/1071/28, to be added after the Bradley phasing plan 24 months ref: HJB/BA4000/14 (page 24), subject to Bradley West being granted planning permission.
 - o Bradley phasing plan 32 months ref: HJB/BA4000/15 (page 25) to be replaced with Bradley West phasing plan 36 months ref HJB/4071/34, subject to Bradley West being granted planning permission.

2. Agreed additional two dust slide locations for Bradley West to the SW boundary. This relates to the Durham County Council plan ref P283/17 (a) included in 3.5 (page 14) of the permit which shows the existing dust slides for Bradley.

3. Part B variation form section B2.6 to also include:
 - o **permit condition reference 3.5**
 - o **proposed new wording of condition** "shall be undertaken as a matter of routine on the eastern site boundary of Bradley site at the locations marked with an X and on the SW houndary of Bradley West at the location marked with X".
 - o Section 3.5 also includes Durham County Council Plan 283a, which would need updating to reflect the changes agreed in item 2. above.
 - o Section 3.6 – 'dust monitoring shall be undertaken at **five** locations, north, south, **south west**, east and west of the site'.
