<p>2.0</p> <p>2.2</p>	<p>MINUTES & ACTIONS (cont'd)</p> <p>Actions from the minutes:</p> <ul style="list-style-type: none"> • BMC reported that OL was progressing work on the creation of overlays to the Town Centre Vacancy Map to show building age, type/use and condition and AnnW showed members images of work undertaken so far. • BMC asked that those members who had not yet forwarded a sentence describing their role on the group and their vision for or what they hope the Heritage Action Zone (HAZ) can achieve, to AnnW for publication on the website, could do so as soon as possible. • It was agreed that discussions on Visit County Durham branding would be scheduled for early 2020. • KW reported that designs for Bondgate Signage project had been commissioned and the project was progressing. • AnnW reported that she was working with the Stockton & Darlington HAZ wherever possible; she was attending their open day at The Locomotion in Shildon on 29th July and they had agreed to participate in the BA HAZ History & Heritage Festival. • AnnW showed the first West Mural Tower film, a copy of which would be accessible on both TAP and HAZ websites. A second film was almost complete. • AnnW had sent out a press release on the Memories Collection event. AnnW was planning press release to update on year 1 progress and had written a summary delivery plan document which she had forwarded to Chris Collett at Historic England. Chris has recently joined Historic England is now our contact for communications/community engagement matters. • AnnW had drawn up a HAZ project list summary document and this can be downloaded from the website pages. 	<p>ALL</p>
<p>3.0</p> <p>3.1</p>	<p>UPDATE FROM BRIGHTER BISHOP AUCKLAND PARTNERSHIP</p> <p>BMC reported that at the last meeting a presentation was given by Andrew Keeling of Hotel Solutions; a hotel development consultancy which worked with local authorities and public sector bodies to help them understand and realise the potential for hotel and visitor accommodation development in their area.</p> <p>In summary, their research showed that there was a strong leisure driven seasonal weekend focus market with weekend and summer accommodation shortages. There was currently no spare capacity to cater for the additional overnight stay demands which TAP attractions and Kynren were likely to generate.</p> <p>Key messages were; an urgent need to encourage more accommodation providers in and around Bishop Auckland to capitalise on opportunities coming forward and to raise awareness; the need for a mix of different solutions to cater for the various visitor price points; and there being a case for more concerted and coordinated public sector intervention to help bring forward accommodation more quickly.</p>
