

## Transcript: New Elvet Bridge Reconstruction Project (July / August 2021 Update)

[Title] New Elvet Bridge Reconstruction Project

Background music plays throughout the video.

[Video] Shot of New Elvet Bridge, covered in scaffolding from the air.

[Text] Funded by Department of Transport (with logo), Durham County Council (with logo). In partnership with Jacobs (with logo), Balfour Beatty (logo).

[Video] Shot on site showing part of New Elvet Bridge with materials in the background.

[Text] Concrete repairs are ongoing

[Video] Shot on site showing part of New Elvet Bridge facing Prince Bishops Shopping Centre as work is being carried out.

[Video] Shot on site from one side of New Elvet Bridge which shows the entirety of the bridge with equipment and materials in shot as work is undertaken.

[Text] The waterproofing of the bridge deck is complete.

[Video] Close-up shot on site of part of the waterproofing material used before panning out to show more of the work in progress.

[Video] Shot on site showing New Elvet Bridge with poles from the railing to the road to show where new kerb lines will be created.

[Text] We've started to set out the new kerb lines.

[Video] Shot showing underside of the bridge uncovered.

[Text] We are continuing to install the cathodic protection to the underside of the bridge.

[Video] Zoomed shot of part of the underside of the bridge uncovered.

[Video] Shot from the other side of the bridge showing the underside where the bridge has been covered.

[Text] Some sections of the bridge have been covered ready for the final protective coating.

[Video] Shot of New Elvet Bridge covered in scaffolding from the air.
