

# We Are All Together

## **Verse 1**

In life's long twisting tale, you have to start somewhere

But have you ever wondered why your town is there?

From swords to ploughshares. From mist to clear and bright. From bomb and bullet factories, to shining light.

## **Verse 2**

A thought, a vision. A light out of the dark. A brand-new way of living, and a fresh new start.

Angels and airwaves, with space enough to spare. A positive new future that we all can share.

## **Pre-Chorus**

Look at you and me  
Any differences you see  
You'll see they're just skin deep  
(We are we are)  
We're where were meant to be  
Great oaks from tiny seeds  
Acorns to mighty trees  
(We are we are)

## **Chorus**

We are all  
We are all  
We are all together (we are, we are)  
We are all  
We are all  
We are all together (we are, we are)

## **Verse 3**

We are hardworking, we're humble and we're kind. Look around here anywhere, that's what you'll find  
We can look back at life with honour and with pride. Three quarters of a century, brave and dignified.

## **Pre-Chorus**

Look at you and me  
Any differences you see  
You'll see they're just skin deep  
(We are we are)  
We're where were meant to be  
Great oaks from tiny seeds  
Acorns to mighty trees  
(We are we are)

## **Chorus**

We are all  
We are all  
We are all together (we are, we are)  
We are all  
We are all  
We are all together (we are, we are)
