

## **Civic Pride Equipment List**

Below is a list of equipment held by the Civic Pride team. If you see something you need for an environmental project, please get in touch and we will do our very best to provide it.

Our equipment is used across the entire county so please do give as much notice as possible to avoid disappointment. If you're borrowing equipment for a project that will **not** be attended by Civic Pride, please ensure all participants are covered by insurance appropriate for the task.

Unfortunately, we are unable to loan equipment to groups or individuals who do not have insurance. However, if Civic Pride is able to provide a Health & Safety talk and supervision throughout the task, the group will automatically be covered by Durham County Council's insurance. Just ask about our availability.
